

Isken by Lillian, Year 2

Children have a profound and magical effect. They rest in the grace of the world and freedom where miracles happen. I am deeply grateful to have been part of their journey. Here is to a term of colour, creativity and endless possibility.

art room

FLOWERS & INSECTS_ YEAR 1

Art-making is one of the many means of expression to understand and interpret the world around us. Focusing on Still Life and observational drawing, the children learned about Vincent Van Gogh and the Sunflower paintings.

BEASIDE THE SEA SIDE_ YEAR 2

Children in Year 2 learned all about the super power of colour through the colour wheel. They drew and designed their own beach hut, using bold and bright colours whilst getting excited about their own summer

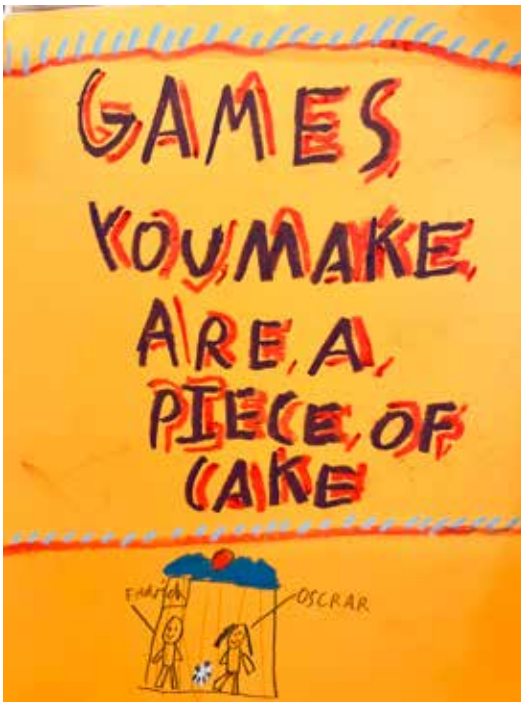

MEADOWSONG_ YEAR 3

Linking topics, a meadow landscape grown in the art room sowed by Year 3. The art room came to life immersed in beautiful and detailed drawings of wild plants and insects. The children were very knowledgeable about flowers and insects, brimming with many facts which was hugely beneficial to this collaborative project.

AWAY FROM HOME_ YEAR 4

Year 4 studied a range of WW2 propaganda posters and created their own slogans and posters for the school. We encouraged children to use their voice and speak up, create a safe and supportive environment where their opinions are valued.

ACTIVE PLANET_ YEAR 4

Inspired by the the work of artists who have depicted volcanoes or tsunamis in art, including Hokusai, Turner and Warhol. Year 4 painted volcanoes and tsunamis focusing on use of 'hot' and 'cold' colours and texture.

A VILLAGE SCHOOL_ YEAR 5

Year 5 used watercolours to create landscapes influenced by John Constable and other artists. They had the wonderful opportunity of seeing the original 'The Hay Wain' in Stoke by Nayland. Take a moment to admire their amazing landscapes inspired by their recent trip.

WHAT A PERFORMANCE! _YEAR 6

Its always a hugely hectic and exciting time for Year 6 this term as they prepare for their leavers show.

In their art lessons they were incredibly industrious creating bespoke props for their show using Art Deco as an inspiration. It was a hive of activity as they made guns, Fat Sam's Bar, flowers, sculptures, hand drawn backdrops for their final show, Bugsy Malone. We have enjoyed spending so much time together.

We will miss you and wish you great adventures!

FROM SEED TO TREE _ NURSERY & RECEPTION

The seed is in the ground.
Now we may rest in hope
While darkness does its work.

Wendell Berry

happy summer to all!
