CELEBRATIONS _ Year 1

Exploring shapes, colours and compositions the children drew their experience with fireworks in the peace garden.

Pops, bangs, crackles, sizzles, whistles – the sounds of celebrations.

TUDOR HOUSES _ Year 2

To investigate the Great Fire of London, the children learnt about the materials and designs used in Tudor houses. They recreated their own 3D model Tudor houses, which were burned under supervision on the school playground, enabling them to understand the reasons for one of the most infamous disasters in London's history.

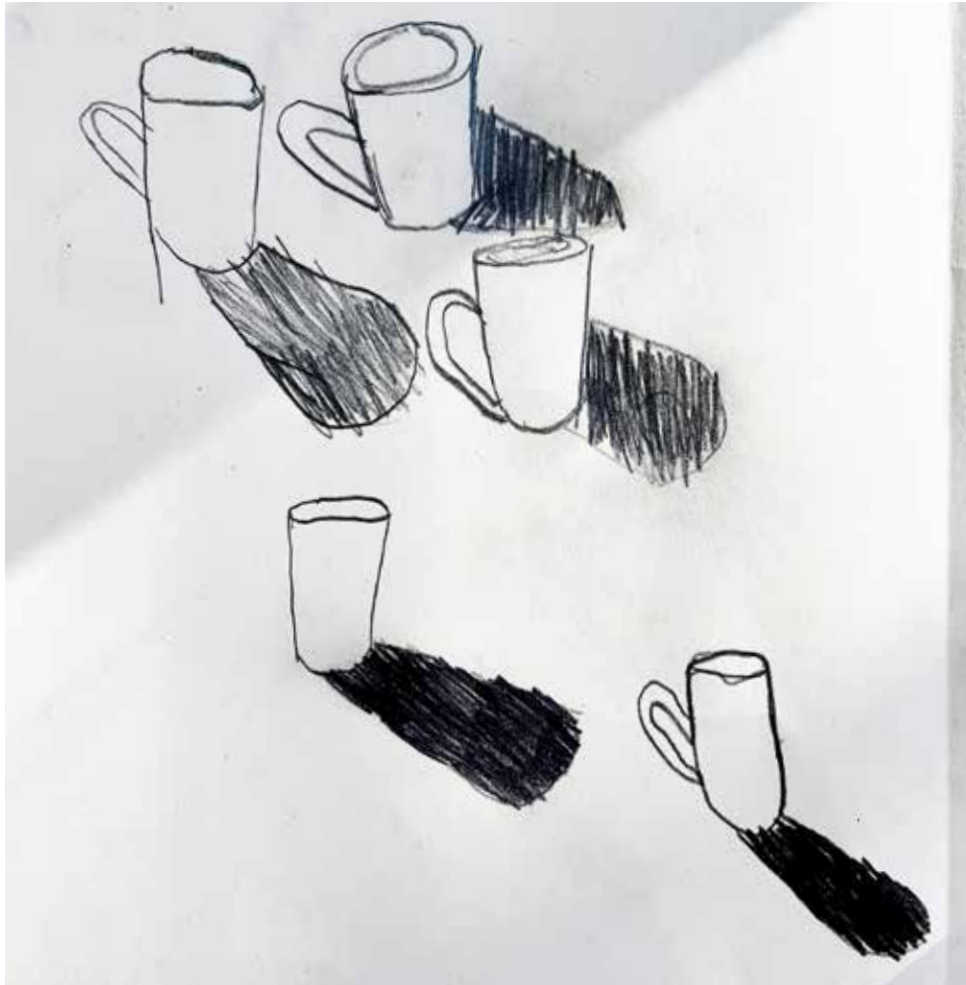

RAINFOREST _ Year 3

Year 3 immersed into the most valuable of the world's ecosystem, the tropical rainforests. Inspired by Henry Rousseau, children depicted jungle scenes; flowers and animals in their expressive mark making.

*These artworks were used as a backdrop for the Christmas performance, Alice in Wonderland.

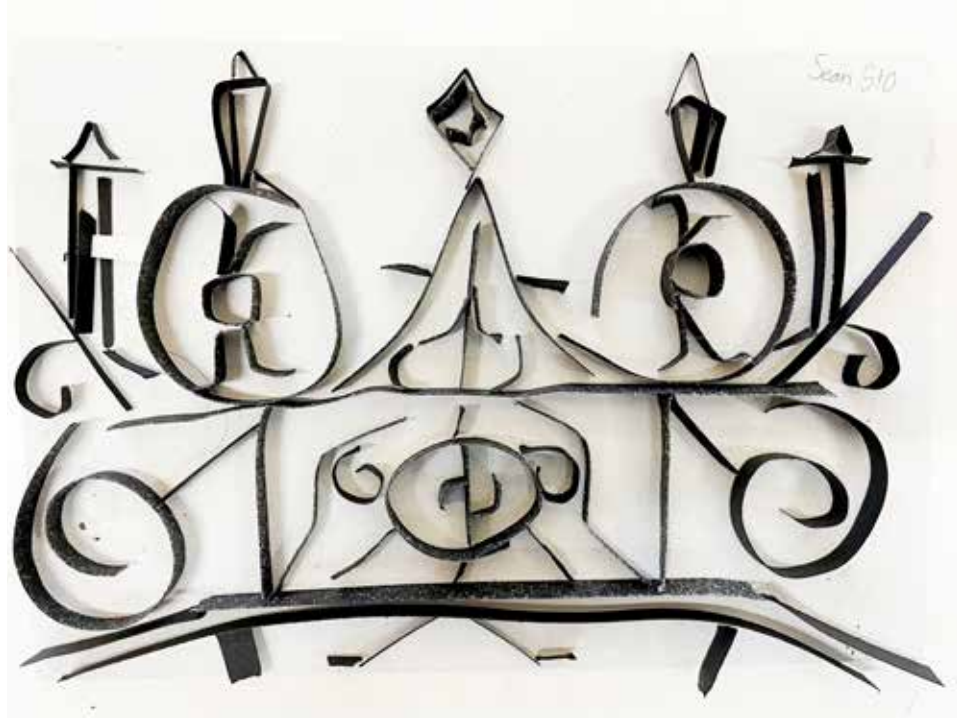

STUDIES OF LIGHT AND SHADOW _ Year 4

Understanding the light and dark of objects and shadows to explore shapes and three-dimensional effects on paper. Using one source light to draw the still life.

*These artworks were used as a backdrop for the Christmas performance Alice in Wonderland.

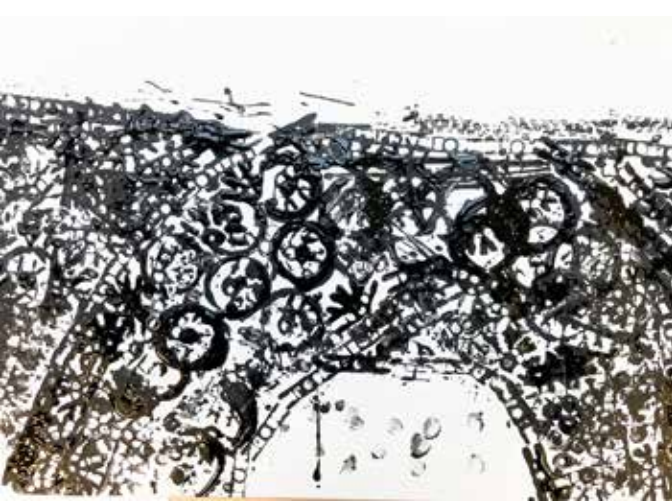

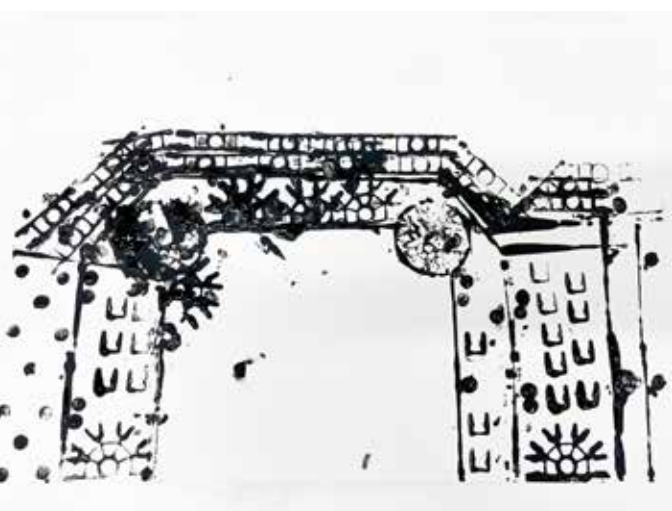

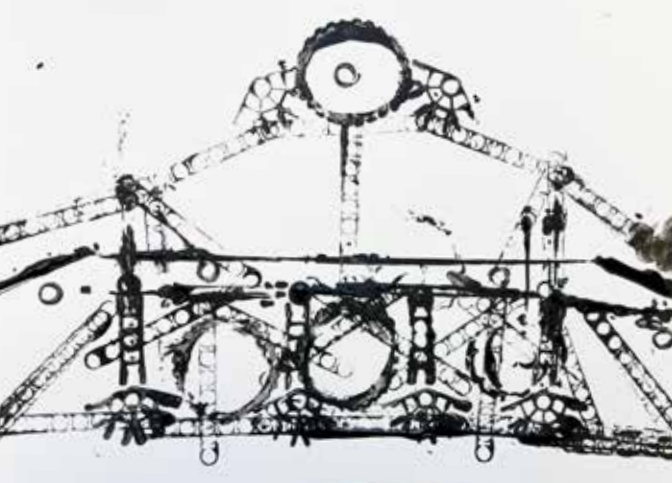

INDUSTRIAL REVOLUTION _ Year 5

We worked with different processes to recreate iron work and the change between wrought iron and cast iron. Year 5 looked at designs and shapes exemplifying the reconciliation of mechanical reproduction and art produced by the industrial process of casting iron in the nineteenth century.

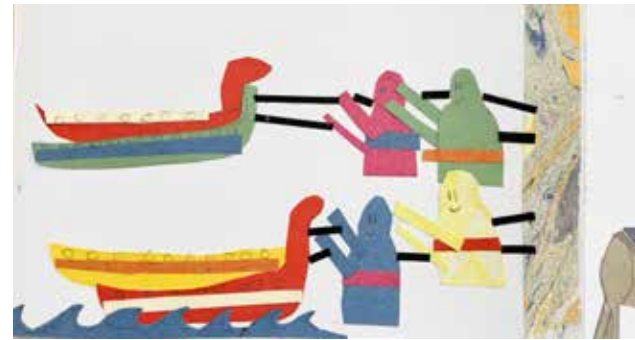

ACCORDION BOOK _ Year 6

Year 6 have been inspired by Lee Sherman's project to transform the imagery of the Bayeux tapestry into a 10-metre accordion book. Their narrative through collage is a wonderful description of their collaborative work.
