

Spring is for nesting - Reception

Something about nests
so carefully assembled
and surprisingly sturdy,
able to hold
one of the most fragile beings.

art room

SPRING IS FOR NESTING _ Reception

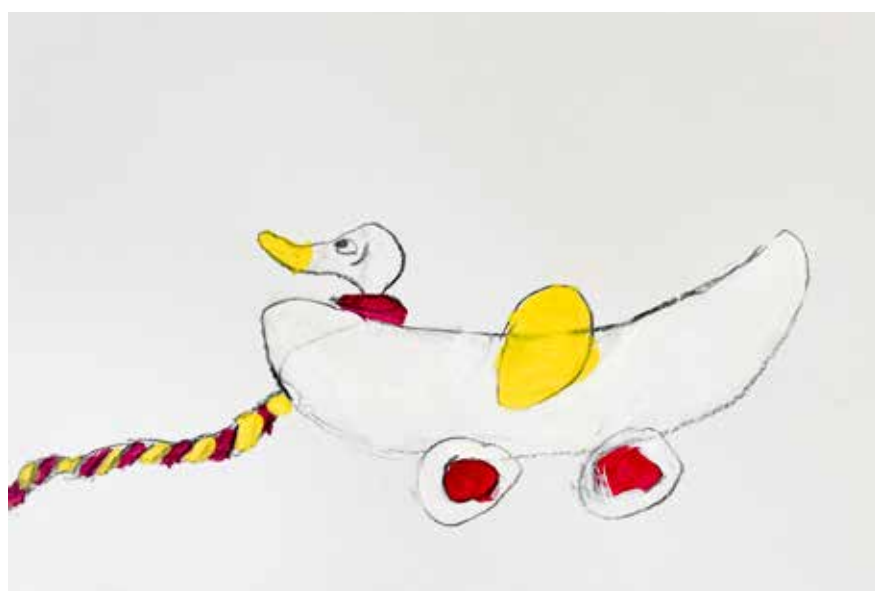

We found an egg in the peace garden, it rolled out of its nest! Thanks, it was safe, so Reception children built a new home to grow.

PAINTING STILL LIFE TOYS _ Year 1

Narrative and observational drawings were the key to the Year 1 project, inspired by Bruce Nygren. The children captured the essence of their still life toy, independently writing their own poems, immersed in a world of fantasy.

THE CIRCUS COLLAGE _ Year 2

The clear, sharp images in strong primary colours are inspired by the book "Circus and Other Stories" by Marshak & Lebedev. The children's illustrations appear as a series of circus posters; clowns, acrobats, jugglers and animals revelling in a new act.

ANTARTIC LANDSCAPE COLLAGE _ Year 3

Discovering the history of polar exploration, from William Grill's Book; Shackleton's Journey, students create a collage using texture, shape and the shades of blue. A landscape of their imagination.

THE BIRD MOBILE_ Year 4

A collaborative project, each child worked from sketch to wire to create their unique birds that were assembled together on a class mobile for their stunning performance.

OUR SCHOOL_ Year 5

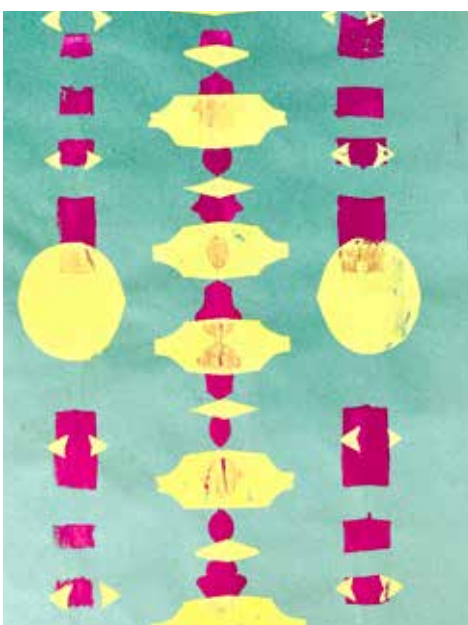

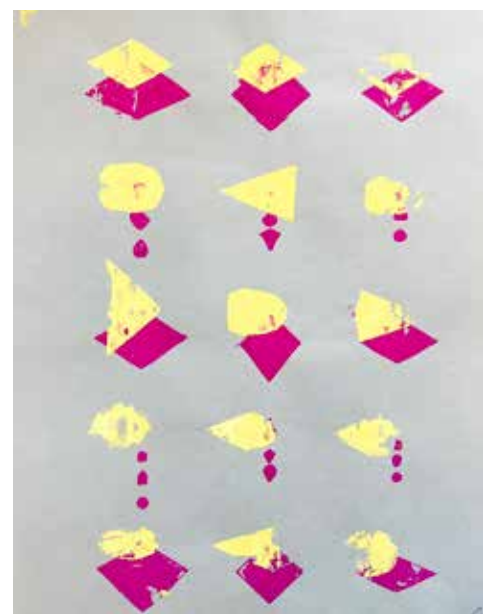

Learning about our centenary school in Highgate,
Children found their favourite corners and took
visual notes.

SCREEN PRINTING _ Year 6

Celebrating the art of the 60s, children in year 6 explored pattern and repetition in an intuitive and experimental way using screen printing, an ancient Chinese technique, a favourite process of Andy Warhol.

CHILDREN WORKSHOPS

Guess What... Exploring Printmaking

Guess What... Paint to music

UP-COMING CHILDREN WORKSHOPS

We are excited to announce the **Guess What** Workshops Summer 1 program, which focuses on **Abstract Landscape Relief**. We would love for your child to join us!

Guess What is a creative art initiative designed to offer every child at Highgate Primary School the opportunity to experience a one-off, engaging workshop led by Andrea Rodriguez, Highgate Primary School art teacher.

About the Program:

Each half term, the program will include:

- KS1 (ages 5-7)
1 hour: 3:45-4:45pm
- KS2 (ages 7-11)
1.5 hours: 3:45-5:15pm

Workshop Approach & Objectives

Our teacher- and artist-led workshops encourage creativity, independent thinking, and collaboration through hands-on art-making. Each session introduces children to a variety of artistic techniques and contemporary practices, experiment freely in a supportive, inclusive, and inspiring environment with no pressure to attend every session.

GROWN-UP WORKSHOPS

FLOWERS OF INDIA

The timing of this workshop could not have been better! As winter closes, we welcomed the spring sunshine, creating a magical backdrop to Akriti's inspiring flowers workshop in the art room.

happy easter holidays to all!
